Propagation

We are clearly at the bottom of the sunspot cycle. The sun has been spotless for more than a week, and the sunspot number for the past month is a mere 10, the second lowest in the past cycle. Solar flux continues to hover near 70, dropping the 90-day average flux. These values are expected to continue for the next few months.

Aside from a few short, weak openings on 15 meters, 17 meters remains the highest band on which to seek other than north-south DX. 20 meters is the daytime DX band, but 40 meters is where DXers are finding the best DX. 30 meters would also be useful, if more DXers on both sides of the pile-ups would use it. As the days lengthen in the northern hemisphere, the lower bands will lose their appeal, but are still valuable at this time.

The forecast for the ARRL SSB contest Mar. 2-3 looks good, with no elevated geomagnetic activity expected. Don't look for any increase in solar flux, however. Good hunting!

DX Club Officers

The **River City Contesters** of Sacramento, CA, have elected Randy Wagaman AA6WJ president; George Steinert N6ZS vice president; and Chris Moore N6IYS secretary/treasurer.

Icelandic Award

by Ted Melinoski K1BV

The Icelandic Radio Association is sponsoring an award to commemorate the 50th anniversary of their existence. It is available to all amateurs and SWLs, and requires contacts (SWL reception reports) during calendar year 1996. All bands and modes may be used. Amateurs outside Iceland must contact at least two Icelandic Amateur Radio stations. Icelandic amateurs must contact at least seven. Note: stations operating /TF are not valid for the award. Contacts don't have to be confirmed, but when applying for the award, you should supply a list showing all QSO details including call, date, time, band, mode, and report. The first award issued to each DXCC country will be endorsed as such and a single-band/mode achievement will be endorsed upon your request.

Fee for the award is eight IRCs or US\$5. Applications must have reached the manager before the end of December 1997. Apply to: IRA Awards Manager, Brynjolfur Jonsson TF5BW, P.O. Box 121, IS-602 Akureyri, Iceland.
